

## Qualification Structure: Accident Repair – Mechanical Electrical and Trim (MET) Operations

	<b>KEY:</b>  <b>M = Mandatory Units</b> <b>O = Optional Units</b>	Level 2 - Assistant Technician	Level 3 - Technician
<b>Unit Ref</b>	<b>Unit Title</b>		
	<b>Generic Units</b>		
G1	Contribute to Housekeeping in Motor Vehicle Environments	<b>M</b>	<b>M</b>
G2	Reduce Risks to Health and Safety in the Motor Vehicle Environment	<b>M</b>	<b>M</b>
G3	Maintain Working Relationships in the Motor Vehicle Environment	<b>M</b>	<b>M</b>
G6	Enable Learning Through Demonstration and Instruction		<b>O</b>
G8	Identify and Agree the Motor Vehicle Customer Needs		<b>O</b>
G11	Allocate and Monitor the Progress and Quality of Work in Your Area of Responsibility		<b>O</b>
	<b>Technical Units</b>		
BP02	Remove and Fit Non Permanently Fixed Motor Vehicle Body Panels	<b>M</b>	
MET1	Remove, Renew and Refit Mechanical Components following Accident Damage	<b>M</b>	
MET2	Remove, Renew and Refit Electrical Components following Accident Damage	<b>M</b>	
MET3	Remove, Renew and Refit Trim Components following Accident Damage	<b>M</b>	
MET4	Remove, Renew and Refit Electro-Mechanical and Electronic Components		<b>M</b>
MET5	Remove and Reinstall Complete Vehicle Electro-Mechanical and Electronic Systems and Assemblies following Accident Damage		<b>M</b>
MET6	Strip Vehicles to Assess the Extent and Type of Damage		<b>M</b>
MET7	Remove, Renew and Refit Trim Fitments Directly Linked to Safety Systems		<b>M</b>
MET8	Handle Automotive Refrigerants		<b>M</b>
MET9	Remove, Renew and Refit Automotive Bonded Direct Glass		<b>O</b>
BP24	Motor Vehicle Body Mechanical Fastening Operations		<b>O</b>
BP25	Motor Vehicle Body Adhesive Bonding Operations		<b>O</b>
			+1 optional unit
