

Assessment Requirements

Unit BP06C – Demonstrating Competency in Repairing Motor Vehicle Exterior/Cosmetic Body Panels

General Requirements

You must:

1. produce evidence to show you meet all of the Learning Outcomes
2. produce performance evidence resulting from work you have carried out on real vehicles in your normal workplace or as defined within the IMI VCQ Assessment Strategy as managed and organised by an approved centre when naturally occurring performance evidence does not occur at frequent intervals in your normal workplace or when safety is at risk.
3. be observed by an assessor as defined in the IMI VCQ Assessment Strategy.
4. produce evidence from your normal workplace of carrying out **each** of the following repairs listed below.
 - body filling and finishing of flat areas of panel
 - repairs to dents that are over 70mm in diameter in exterior body panels, including curvature panels and swage lines
 - repairs to scuffs on plastic components
5. produce evidence of covering **5 of the techniques and processes*** listed below in carrying out the repairs listed above.
 - hot shrinking (using carbon rod)
 - panel pulling
 - metal finishing
 - indirect hammering
 - direct hammering
 - body filing
 - application of body filler/stopper
6. be observed by your assessor on **at least 2 occasions in your normal workplace.**

*However, you must prove to your assessor that you have the necessary knowledge and understanding to be able to perform competently in respect of all techniques and processes.
