

Assessment Requirements

Unit HV08S – Demonstrating Skills in Diagnosing and Rectifying Heavy Vehicle Chassis System Faults

General Requirements

You must:

1. produce evidence to show you meet **all** of the Learning Outcomes
2. produce performance evidence resulting from work you have carried out in your training workshop as managed and organised by an approved centre.
3. be observed by an assessor as defined by the IMI Assessment Strategy.
4. be observed by an assessor successfully carrying out the diagnosis and rectification of faults occurring in **2 out of the 3** systems listed below. The faults should involve a **2 or more** step diagnostic activity. The evidence must include demonstration of skill in at least **1** of each: mechanical and electrical / electronic or hydraulic / pneumatic units or components.
 - Steering systems
 - Suspension systems
 - Braking systems
