

Assessment Requirements

Unit LV07S – Skills in Diagnosing and Rectifying Light Vehicle Engine Faults

General Requirements

You must:

1. produce evidence to show you meet **all** of the Learning Outcomes
2. produce performance evidence resulting from work you have carried out in your training workshop as managed and organised by an approved centre.
3. be observed by an assessor as defined by the IMI Assessment Strategy.
4. be observed by your assessor successfully carrying out the diagnosis and rectification of faults occurring in **3 out of the 7** engine systems listed. The faults should involve a **2 or more** step diagnostic activity.
 - engine mechanical components
 - engine management system
 - pressure charged induction systems
 - exhaust emission reduction systems
 - heating, ventilation and cooling
