

Assessment Requirements

Unit LV08S – Skills in Diagnosing and Rectifying Light Vehicle Chassis System Faults

General Requirements

You must:

1. produce evidence to show you meet **all** of the Learning Outcomes
2. produce performance evidence resulting from work you have carried out in your training workshop as managed and organised by an approved centre.
3. be observed by an assessor as defined by the IMI Assessment Strategy.
4. be observed by your assessor successfully carrying out the diagnosis and rectification of **1** fault occurring in **each** system listed. The fault should involve a **2 or more** step diagnostic activity. The evidence must include demonstration of skill in at least **1** of each:
mechanical, electrical / electronic or hydraulic units or components.
 - Steering systems
 - Suspension systems
 - Braking systems
