

Assessment Requirements

Unit LV13S – Skills in Diagnosing and Rectifying Light Vehicle Transmission and Driveline Faults

General Requirements

You must:

1. produce evidence to show you meet **all** of the Learning Outcomes
2. produce performance evidence resulting from work you have carried out in your training workshop as managed and organised by an approved centre.
3. be observed by an assessor as defined by the IMI Assessment Strategy.
4. be observed by your assessor successfully carrying out the diagnosis and rectification of faults occurring in **2** of the systems listed. The fault should involve a **2 or more** step diagnostic activity. The evidence must include demonstration of skill in at least **2** of the following :- mechanical, electrical / electronic and hydraulic units or components.
 - clutch
 - gearbox
 - drive line (shafts, couplings, hubs and bearings)
 - final drive
