

## Assessment Requirements

### Unit MC02S – Skills in Removing and Replacing Motorcycle Engine Units and Components

#### General Requirements

You must:

1. produce evidence to show you meet **all** of the Learning Outcomes
2. produce performance evidence resulting from work you have carried out in your training workshop as managed and organised by an approved centre.
3. be observed by an assessor as defined by the IMI Assessment Strategy.
4. be observed by your assessor successfully carrying out the removal and replacement of engine mechanical units and components from **3 different systems out of the 6 listed below**:
  - cooling systems
  - air supply and exhaust systems
  - fuel and ignition systems
  - lubrication systems (not including standard external filters)
  - transmission systems
  - clutch systems
