

Assessment Requirements

Unit MC07C –Competency in Diagnosing and Rectifying Motorcycle Engine Faults

General Requirements

You must:

1. produce evidence to show you meet **all** of the Learning Outcomes
2. produce performance evidence resulting from work you have carried out in your normal workplace or in a Realistic Work Environment as managed and organised by an approved centre.
3. be observed by an assessor as defined by the IMI Assessment Strategy.
4. be observed by your assessor successfully carrying out the diagnosis and rectification of faults occurring in 3 **out of the 4** power train systems listed. The faults should involve a **2 or more** step diagnostic activity.
 - engine mechanical systems
 - engine management systems
 - engine cooling systems
 - engine lubrication systems
